The successful candidate will translate legal, technical, administrative, communication and policy documents for the European Commission. He/she will also perform other tasks related to translation, such as the revision of other colleagues' work, and the revision of outsourced translations, and contribute to other horizontal initiatives of the Department like terminology and work on translation resources. The position offers the possibility to work in a friendly and dynamic team. We encourage training development, and we provide a wide-ranging training offer aimed at improving the individuals and teams capacity to deal with various work situation, being soft skills, IT skills or specialised thematic skills. We promote a healthy work-life balance. We also offer hybrid

working arrangements through a mix of telework and work from office.

We look for

We are looking for a new colleague to take up an interesting and challenging post as a translator. We are looking for a dynamic and motivated colleague who has an excellent command of Maltese and an excellent knowledge of English and at least another EU official language. Team spirit, resilience, ability to work under pressure and with tight deadlines as well as flexibility are required. We seek someone with a sense of responsibility and a drive to perfect and expand his or her skills. Translation experience in our policy areas would be an asset. As an early adopter of cutting-edge language technologies, DGT offers its translators the opportunity to work with the newest translation technology. Therefore digital skills and knowledge of IT tools generally used in the translation industry are considered an asset. Candidates should be willing to adapt to technological developments in DGT.
